Looking out my window  
See you playing in the leaves  
It's amazing how a little girl  
Means all the world to me  
When I tell you that I love you  
I love you more than words can say  
Smile, say cheese pretty-please  
I wanna take your picture  
How'd you ever get so big  
I gotta take your picture  
Hold on to the memory before the whole thing slips  
away  
Chorus:  
I wish I could save these moments  
Put 'em in a jar  
I wish I could stop the world from turning  
Keep things just the way they are  
I wish I could shelter you from everything  
Not pure and sweet and good  
I know I can't, I know I can't  
But I wish I could  
When you kiss me for no reason  
It goes straight to my heart  
When I feel your arms around me  
I almost fall apart  
It's time for bed you whisper  
Daddy, we forgot to pray  
Chorus
