You wanna know  
Where we go from here  
So many roads  
But none that seem clear  
Is what we have enough  
To last a whole life through  
Who knows, who knows.  
So you're asking me  
What do we do  
'cause time moves so fast  
And the chances seem so few  
Is it too much to think  
That we could have it all  
Who knows, we may never know.  
CHORUS  
But if I were you I'd promise to  
Live life for all it's worth  
Take all that you've been given  
And leave your mark upon this earth  
Trust your heart to tell you  
Everything you'll ever need  
And if I were you  
I'd fall in love with me.  
So hold me close  
I'll kiss away your fears  
I won't promise the moon  
But I promise to be here  
And what if together  
It gets better every day  
Who knows, who knows.  
REPEAT CHORUS
