"When You Are Sad"

Visit "[When You Are Sad](#)" on MotoLyrics.com

One day when you're big and strong
No one else will do you wrong
And though you cry now
You must hold on

I wish that I could dry your tears
Show you that somewhere someone
Can see you're hurting
And give you love

[Chorus]
How can we close our eyes so blindly
How can we sleep at night so soundly
How can we live our lives so happy
When you are sad
When you are sad

Life has not been fun, I know
In silence it's your eyes that show
The pain you're feeling
Afraid, alone

How can we close our eyes so blindly
How can we sleep at night so soundly
How can we live our lives so happy
When you are sad
When you are sad
When you are sad...

Can you find some hope that you can hold onto
I wish that I could keep you safe
But I can't

One day when you're big and strong
That day you will prove them wrong
So hold on tightly
When you are sad
When you are sad
When you are sad
