What has become of society?
Does anyone know for sure?
We've traded our freedom for security,
so why are we still insecure?

Drifting away from who we are,
in different directions.
Has fate let us go this far,
to make us hate our reflections?

What if I could hide my face?
Wouldn't I seem clever?
Could I escape to a better place,
or would I be lost forever?
Drifting away from who we are,
in different directions.
Has fate let us go this far,
to make us hate our reflections?

Drifting astray to a better day,
if we allow
that fate has lead us all this way
to see what we do now.

What do we do now?
