Girl don't you wanna wine with me
Girl don't you wanna wine with me
I want to give you all those things
You have been waiting on
Like spend the night with you
And making love up on the phone
I got to be that
I got to give you everything you want
Not just diamonds but the life of a princess on the
throne
Only you can change me baby I can see you
Camera is up so baby bow you know what's on
Baby if you need it don't hesitate to see me
Cause I got the dream... loving you have been waiting
on
It's however you want it girl
From the bottom to the top you know I keep it
happening
It's all over you need girl anyway that you like
We will... all night
It's wherever you want girl
Form the front to the back you know you like it like that
It's whenever you need it girl
We will... all night
Baby wine with me I know you like it slower
Like a G... so many things that will keep your head
spinning
Now check the way I give it
Just how I like it
I like it when you break it down

Turn around and we will be... till the sun comes down
It's however you want it girl
From the bottom to the top you know I keep it
happening
It's all over you need girl anyway that you like
We will... all night
It's wherever you want girl
Form the front to the back you know you like it like that
It's whenever you need it girl
We will... all night

Baby wine with me I know you like it slower
I am gonan make zou scream
Let me touch you baby
How you want it girl
See what I need
Why aren't you coming with me
... I am gonna teach you
I play the same... shorty can I catch you
Girl ain't nothing
I just wanna love you
It's however you want it girl
From the bottom to the top you know I keep it
happening
It's all over you need girl anyway that you like
We will... all night
It's wherever you want girl
Form the front to the back you know you like it like that
It's whenever you need it girl
We will... all night
Baby wine with me I know you like it slower
