feat. Tank

Only thing I want now is your body  
Only thing that I see is your body  
Only thing that I need is your body

Your body, your body

I'm telling you everything that I could think of  
I've had a few drink but it's still kinda clear  
She kept telling me that it was gonna get it rough  
I told her I get her rough so bring it over here  
I said I'm known to be blowing their bags out  
Knocking their tracks out, then I put it down  
But as you see, by the time she got to me  
She did something to me

I remember her right stroke, left stroke  
Back stroke  
Crowd spinning again and again  
I just need to know when 'cause tonight I didn't want it  
to end  
So baby, I'm searching

I need to find your body, baby  
On my mind, keep haunting baby  
I can't stop and I won't stop  
Till I find your body, baby  
I need to hold your body, baby  
Squeeze and hold your body, baby  
I can't stop and I won't stop  
Till I find your body, baby

I think there's some things that are coming back to me  
She kinda using me, I thought I heard '  
Jumped on in and just started riding  
Dreaming and sliding all on top of me  
Mash like a 'star, ass like a curve ball  
You can sit bottles on it, it sticks out so far  
It was dripping, I remember the days  
They're still in my veins

I remember her right stroke, left stroke  
Back stroke  
Crowd spinning again and again  
I just need to know when 'cause tonight I didn't want it  
to end  
So baby, I'm searching

I need to find your body, baby  
On my mind, keep haunting baby  
I can't stop and I won't stop  
Till I find your body, baby  
I need to hold your body, baby  
Squeeze and hold your body, baby  
I can't stop and I won't stop  
Till I find your body, baby

Got me running around, I just gotta get back and be  
with that  
My body's going through, you ain't know what I be  
feeling for you  
As much as I do, 'cause you're gonna be at the end of a  
rainbow  
I gotta find, somebody help me out 'cause I'm running  
out of time

I'm searching, I'm searching till I find  
I need to find your body, baby  
On my mind, keep haunting baby  
I can't stop and I won't stop  
Till I find your body, baby  
I need to hold your body, baby  
Squeeze and hold your body, baby  
I can't stop and I won't stop  
Till I find your body, baby

Only thing on my mind is your body  
Only thing that I see is your body  
Only thing that I need is your body  
Your body, your body  
Till I find your body, baby

Only thing on my mind is your body  
Only thing that I see is your body  
Only thing that I need is your body  
Till I find your body, baby
