All desires of the world will fade... of the world will
fade. All desires
Of the world will fade... of the world will fade. Come
shake us all. Bury
Everything. Open the skies. Let it all fall down. Let it all
fall down. We
Need to look outside, our possessions. There's so
much more, than what this
World can give. What seems important now, will seem
empty when we have
Reached the end. There's so much more, than what this
world can give. Let
It all fall down. Let it all fall down. Let it all fall down. Let
it all
Fall down. Let it all fall down. Let it all fall down. We
need to search
Our hearts, to find a love everlasting. We need to
search our hearts, to
Find a love everlasting. Come shake us all. Come shake
us all. Bring the
End of the world. Bring the end of the world. Bring the
end of the world.
Let it all fall down.
