I don't think that man should sleep alone
I don't think that man should sleep alone
Wake up, wake up baby
Uhmm, yeah I know it's 2 o'clock
You said call you anytime
Besides, I already tried countin' sheep
Wake up, wake up baby
Now it's 2:30 a.m.
So why you still talking 'bout it

I don't think that man should sleep alone
I don't think it's fair (Do you baby)
I don't think that man should sleep alone
Somebody should be there

Oh sugar

This world that we live in
Has too many laws and too many rules
The thought of you and me sleeping here
Seems like everybody disapproves
Now I'm not, I'm not, I'm not saying
That I'm right and everyone else is wrong
I admit I've got a problem
I can't stand sleeping alone - Ohh!

I don't think that man should sleep alone
I don't feel it's right (Do you baby)
I don't think that man should sleep alone
At least not tonight

Awl sugar
Yeah baby
I can't seem to get warm enough
Even with four blankets and a sheet
I may as well be honest girl
I think I need a little body heat (Heat, heat)
Wake up, wake up baby
Yes, I know, it's a quarter to three
But either you're coming here
Or I'm coming there

Cuz I just can't get to sleep - Naw

I don't think that man should sleep alone
I don't think it's fair (Do you baby)
I don't think that man should sleep alone
Your body should be here
I don't think that man should sleep alone

Oh, Baby come on
I wanna feel you lyin' next to me
(Don't you baby)
Sugar come on
I don't think that man should sleep alone
Uhhh, Rock this baby to sleep

Come on, come on - whoa
Come on, come on
Let's love up close
Come on, come on - whew, come on, come on
Come on, come on
Let's hold each other real good
Come on, come on
I won't try nothing baby
Come on, come on
But honey it could feel good
If - you - only let loose
Come on

(Musical Interlude)

I don't think that man should sleep alone
I don't feel it's right
(Do you baby)
I don't think that man should sleep alone
You should be here tonite

Help me baby
I don't think that man should sleep alone
Come on, yeah
I need body heat (Heat, heat, heat)
Don't you baby
Sugar come on girl
I don't think that man should sleep alone
I wanna feel your shooody dabop, shooody dabop

Baby come on
I don't think that man should sleep alone
Ohh, Rock, rock me to sleep
Sugar come on girl
I wanna feel your heat - Ohh
