(Ray)

Over you

Here we go lovin' again

I can't tell the start from the end

Over you

That's what I said so that I could pretend

That I was over you

(Natalie)

You could see

Through my disguise

All the love still here in my eyes

Over you

I said it so long that I honestly thought

I was over you

(Both)

Then when I saw you tonight

I knew in my heart

You've never left me

All this time

I was just

Fooling myself

'Cuz after you

There's nobody else

After you

So here we go lovin'

Again and again and again

(Music Interlude)

Over you

I've said it so long

That I honestly thought

I was over you

Then when I saw you tonight

I knew in my heart

You've never left me

Never, never

All this time
All This time
I was just foolin' myself
I was just foolin' myself
Cause after you
There's nobody else
After you
So here we go
Lovin' again and again

I was over you
I thought I was over you
Never will be
Over you

Awl, she don't touch me like you do, girl
Ow, woo, woo
Come on love me babe
I'm not over you

She don't love me
Like you do
He don't do it like you do
Over you
Not your kissing
She don't kiss me like you do, girl

He don't touch me
He don't move
He don't love me
He don't groove me
Let's do it baby

Come on love me baby
Let's do it again
Let's do it again
Do it one more time
Cause you blow my mind
I, I, I, I'm not over you

He don't move me
She don't groove me
Like you do baby
