They sing songs about Chicago all the time
San Francisco and New York, they're all fine!
But there's a song that's written on this heart of mine
About a town, the best around! Let me tell ya!

Fort Worth, No words could tell its worth
Fort Worth, Texas, Best town on earth.
It's Up Town and it's Down Town and it's Cowtown too.
And there's no where like people there say,
Howdy Doo, Glad to see you
Fort Worth, Texas is western swing, it's Van Cliburn and
fiddle strings
It's everything I want and when I want to settle down
Fort Worth, Texas, That's my town.
Fort Worth, Texas, That's my town!

Fort Worth, Texas is ridin' broncs
Warm hearts, cold beer and honky tonks.
It's cowboy tales, the Chisholm Trail and memories
Bob Wills Music and Bill Mack Symphonies
Let me tell ya!
Fort Worth, Texas is Bar-B-Que, Amon Carter and T.C.U.
It's great and let me state, there ain't no other place
around
Like Fort Worth, Texas, That's my Town.
Fort Worth, Texas, That's my Town!
