The wond'rous gift that Jesus offers me if I but lift my
heart desiresly
The only ways the venture of my face
To prove the miracle of his redeeming grace

I stumble over such simplisity Lord I do believe help
Thou my unbilief
Must I refuse the gift until I understand
It's mine the moment that I let him take my hand
[strings]
Lord will within my heart the will to obey
Break my stubborn will that stands in the way
I would know the miracle of sweet relief
Lord I do believe help Thou my unbilief
(Lord I do believe I do believe)
