(John Lennon - Paul McCartney)

There are places I'll remember all my life

Though some have changed

Some forever not for better

Some have gone and some remain.

All these places have their moments

With lovers and friends I still can recall

Some are dead and some are living

In my life, I've loved them all.

But of all these friends and lovers

There is no one that compares with you

And these mem'ries lose their meaning

When I think of love as something new.

Though I know I'll never lose affection

For people and things that went before

I know I'll often stop and think about them

In my life, I love you more.

There are places I'll remember all my life

Though some have changed

Some forever not for better

Some have gone and some remain.

Though I know I'll never lose affection

For people and things that went before

I know I'll often stop and think

About them in my life, I love you more.

In my life, I love you more...
