

## Ray Price "Just For The Record"

Visit "[Just For The Record](#)" on MotoLyrics.com

I know our love is over you've made it plain to see

But just for the record did you ever love me

I hope that you'll be happy I'm gonna try to be

But just for the record did you ever love me

Or was I just fillin' in while you waited for love to come  
by

Or did you once love me if you did why oh why did it  
die

This is the last time I'll call you from this moment on  
you're free

But just for the record did you ever love me

Just for the record did you ever love me
