"Together Again"

Together again my tears have stopped falling

The long lonely nights are now at an end

The key to my heart you hold in your hand

And nothing else matters we're together again

[strings]

(Nothing else matters we're together again)

Together again the grey skies're gone

You're back in my arms now where you belong

The love that I knew is living again and nothing else
matters we're together again

Nothing else matters we're together again
