When shadows fall I'm twice as lonely how I miss my  
one and only  
Gone the night like many nights before  
Ever since the day I found her all my world's been built  
around her  
Just like before she's hurt me once more  
And I'm walking the floor

Walking slow and thinking bout her how long can I live  
without her  
Teardrops dim these eyes that watch the door  
Though I've got this heartsick feeling still I hope that  
she'll come stealing  
Back through the door like always before  
I'll forgive her once more and stop walking the floor  
[ steel - fiddle ]  
Walking slow and thinking bout her...
