Hey-eeh, Wig Wam Willie was a real class buck  
But Wig Wam Willie was out of luck  
He could do a war dance but he just couldn't bop  
Because he had to get a squaw to show him how to rock  
Hey, Wig Wam Willie had one desire  
He really wanted to set that world on fire  
But the more he tried, the worse he got  
'Cause Wig Wam Willie just could not bop

Hey-eeh, Wig Wam Willie could bring down rain  
By doin' a dance out on the plain  
He had a medicine dance that would help a lot  
But he had to get a squaw to show him how to bop  
Hey, Wig Wam Willie had one desire  
He really wanted to set that world on fire  
But the more he tried, the worse he got  
'Cause Wig Wam Willie just could not bop

Hey-eeh, Wig Wam Willie now got his squaw  
To show him how to do that rock 'n' roll  
Now Willie is as happy as he can be  
Because he rocks all night in his old teepee  
Well, Wig Wam Willie had one desire  
He really wanted to set that world on fire  
Now he's real gone and a cloud goes out  
Wig Wam Willie is a real gone cat  
Well, he's cat  
Yeah, he's cat  
Wig Wam Willie is a real gone cat
