Y'all listen here

I ain't never lived in Texas
Rode across no dusty plain
I ain't drank water from no cactus
Been inclined to rob a train

I'm a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boy's heart
The lone ranger rides again

I ain't too forward with the ladies
Flash a smile and tip my hat
But I've been findin' out here lately
There's still a few thing to that

Yeah, I'm a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boy's heart
The lone ranger rides again

Yeah, I got a hundred horses
Couple sprockets and a chain
Love the sound of chrome
Pipes rumbling, the smell of gasoline

I'm gonna ride off in that sunset
Yellin' yippee ki-yay, yippee ki-yay

Yeah, I'm a different kind of cowboy
Tumble weed out in the wind
Yeah, in this Carolina country boy's heart
The lone ranger rides again and again

Hi, ho, silver
Lone, lone
