Bridge 1):

Ooh, na na na (yo... yo body) yo' body, na na na (2x)

turn the lights down low, I'm ready da break it off
Since computer love, been wantin to set it off
like a hotel room I'm checkin in to u
I'm diggin' like a shovel, all the things you do
take a leap over da room, it's how u makin me feel
Come on in dis room, and let's keep it real, and go

(Chorus):

Half on mah baby

All I need is your body next to me (saying ooh)

ooh na na na na na (yo.. yo body) Yo body na na na

2x

Now tell me what da deal is, are u ready to bump
It's gonna take a life time, to give u all of dis love
so baby open up, and get ready to recieve
a miracle of love, gettin down wid me
like a baseball field, wanna hit a home run
me and u get together babe, and raise a lil one

(Repeat Chorus) x2

set it off in a six, baby dat'll be cool
take a trip down town between me and you
trippin on, very on
Conversation like, wha?
Not afraid to go down, why don't u open up
after 9 to 5, you deserve some 12
makin future plans, to be where I dwell

(Repeat Chorus) x2

(Bridge 2):

From my toes up (From my toes up)
to my knee cap (to my knee caps, to waistline)
and slowly (and slowly, lady)
can we go half on a baby

x2

(Repeat Chorus
