Do you have that rundown feelin', does your head go  
reelin'?

Are you nervous, jumpy or on the edge?  
Is it neuritis, neuralgia, a head cold or stress?  
Or maybe its your sinus drainage.  
Do you have high blood, Berry-Berry?  
Or maybe you're a little overweight?  
You better make some correction in all this infection,  
Just send in one dollar ninety eight.  
Get ridda that runny nose, that nagging cough, that  
sneeze, achoo,  
That wheeze and other injuries.  
Take the wonder drug that cures all your ills,  
Take Jeremiah Peabodys polyunsaturated, quick  
dissolving, fast acting,  
Pleasant tasting green and purple pills.  
Oh yeah!

Well, it won't upset your stomach, Its good for arthiritis,  
It sooths all your aches and pains.  
Get ridda those hammers in your head,  
Don't be a hyprakrondriac ,  
Start feelin' better again.  
Clear up that fungus or mongus;  
Its good for every ailment, including water on the knee.  
And its guaranteed to be just what you need  
For quick, fast, easy relief.  
Get ridda that runny nose, that nagging cough, that  
sneeze, that wheeze  
And other injuries. Take the wonder drug that cures all  
your ills, Take  
Jeremiah Peabodys polyunsaturated, quick dissolving,  
fast acting,  
Pleasant tasting, green and purple pills.  
Oh, yeah! Little green and purple pills, oh, yeah, little  
green and  
Purple pills.....  
(painless)
