Get up  
Get up  
Get up  
Get up

Up in the morning  
At the crack of dawn  
Just a cup of coffee to go to work on  
Fight the traffic and the hustle and the bustle of the  
mob  
Gotta hurry can't be late for my job

Gotta go at a fast pace  
Gotta keep up with the rat race  
Big tranquilizer gets me through the day  
Work so hard for such a little pay

Just when I think I'm gonna blow my mind  
The clock strikes five and I can leave it behind  
Say goodbye to that work day grind  
Run to you girl and unwind (I can unwind)

In your arms baby I can smile yeah  
I can unwind  
Your love makes it all worthwhile  
Cozy room  
Your hand in mine  
Love's sweet perfume  
Sweeter than wine  
Everything is gonna be fine  
As long as you are mine  
You make my little world shine  
I can unwind

Seven A. M. comes too fast  
Roll out of the bed to that alarm clock blast  
Same routine work sweat tears don't relax  
Worry about my bills snatch a little from my bag yeah

Gotta put up a good front  
Gotta smile be polite and don't be blunt  
Nerves on edge

Wound up too tight  
A headache  
I didn't get enough sleep last night

Just when I think I'm gonna blow my mind  
The clock strikes five and I can leave it behind  
Say goodbye to that work day grind  
Run to you girl and unwind (I can unwind)

In your arms baby I can smile yeah  
I can unwind  
Your love makes it all worthwhile  
Cozy room  
Your hand in mine  
Love's sweet perfume  
Sweeter than wine  
Everything is gonna be fine  
As long as you are mine  
You make my little world shine  
I can unwind  
Unwind  
Unwind
