Some people like walkin in the rain
Some people like to get way on a plane
Some people like to party every night,
But all I wanna do
Is baby stay home with you
Some poeple like chillin at the beach
Some people they dont practice what They preach
Some people like crusin in there cars
But all i wanna do is baby stay home With you
All i really wanna do
On days im with out you (without you)
You still linger on my mind
There is no supstiution
You are where i wanna spend my time
Baby
Some people like workin day n night
Some people they are lookin for a fight
Some people they just dream there life Away
But baby all i wanna do is baby stay Home with you
All i really wanna do
On days im without you (without you)

You still linger on my mind

There is no substitution (no)

You are where i wanna spend my time

Some people they like workin day n night

Some people are lookin for a fight

Some poeple they like to dream there Life away

But all i wanna do

Is baby stay home with you
