Girl you can't cause me no pain

'cause I'm I'm..
you can't hurt us all no more
I've been less out that door
and I'm going out for sure, for sure

I know I tell you bye bye bye bye bye
so sick and tired of lie lie lie lie lie
I don't wanna see you can..I
I'ma tell you bye bye bye bye bye

Pre Chorus:

On the top of that bull shit so I got me a new shit
I got to been in something I ain't showing you no..
that's a little win baby I am up on my new shit
you ain't bound nothing so I gotta tell you this

Chorus:

I gotta cut you cut you off off off
I gotta, I gotta cut you cut you off off off

she better in the morn, bett-better in the morn
my new girl, my new world

Old chick bang bang bang bang bang
I was sick and tired of the lies alright
I don't wanna see you, you can tear..
I was sick and tired of the lie lie lie

And now I'm winning with my new girl
I spend us money with my new girl
I said I club up with my new girl
too bad for my old girl, my old girl

save the..to the bad guy, I'm gone, I'm gone

Pop up in the new with my new girl
top down wind blowing through her hair,

I gotta pop up in the new with my new girl
top down wind blowing through her hair,
the wind blowing through her hair
