feat Tony Moxberg

Rubber this to my pocket  
Make bones we'll rock it  
Waste hour I wake it  
Just that's you with marbin  
Cute thing you'll get some  
But I'll tell you to stop it  
You're baby mamma in all on my package  
(Hey)  
Just swerve it when I'm gonna rid  
Is too to the consciousness and let it in  
I'mma make you swerve  
(I'm gonna make you swerve baby)  
Let's pack fucking on my car  
'Cause I'm swerving, I'm swerving, I'm swerving in the  
fast lane  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving ,I just wanna curve on them  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them,  
I'm making that for no rad  
Overseas gained that money  
I'm right back yes mummy  
They asked was so funny  
(What?)  
Is funny how money change the sex oration  
Right money on the top of conversations  
'Cause I am famous  
But the girl thinks I am amazing  
She loves when I say to wait  
And let them to make faces

I'm blazing but I'm passing right to her  
She passes to back and say no  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving ,I just wanna curve on them  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them  
Swerving, swerving on this bitch nigga  
This happen on the group, look I gotta go fix figis  
On my damny shamney, which is one for running  
The way she aim calling me she ain't for no sally  
Pass right homie, have a good night homie  
You're the girl in the world and that's whom you wait  
homie  
Put him in the pesumly, then she go and bend for me  
Trynna bring a final teller, trynna be a friend for me  
First we hit the bonding shit that's a remy  
They mean know the world, but they mean worth to  
penny  
Then we hit the criffel, one night stand  
After derapate the cabbies and they're back to they  
meant  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving, I'm swerving in the fast  
lane  
I'm swerving, I'm swerving ,I just wanna curve on them  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them,  
(Hey)  
I just wanna curve on them  
(Hey)  
I just wanna curve on them.
