Oh yeah
That's right
Come on, baby,
I mean we gotta try right
Let's go
Yeah
Razah
Eric Hudson
Let's go

Every night, I close my eyes
I think of you
The things we used to do
Love we made
The time we gave
Tell me babe
Doesn't that mean a damn thing to you

But I just wanna love you
Don't care where you are
(Don't care)
The visions of you
Baby sitting stars my heart
(I swear)
I'm hurting every second
Baby, we're apart
So come back now to me
Let's make a brand new start

Baby, we just can't give up on this
We'll never know what the future holds
Baby, if we don't try
We can't go on living life like this
You need to open your heart, girl
Baby and let love in
I've been waiting a lifetime to say this to you
We gotta fight for what's right
That's what we've gotta do
I hope you see this, baby
From my point of view
That you need me with you

As much as I need you

Forget about
What your friends say
Cause you and I both know
We belong together, babe
Lets stop living in denial
Cause no one else can love you the way I can

I just want you to know
That baby, you're the one
I stare into your eyes
You shine bright as the sun
I'll never hurt you, baby
Won't you trust me now
(Trust me now)
This bringing back together
Let us become one

Baby, we just can't give up on this
We'll never know what the future holds
Baby, if we don't try
We can't go on living life like this
You need to open your heart, girl
Baby and let love in
I've been waiting a lifetime to say this to you
We gotta fight for what's right
That's what we've gotta do
I hope you see this, baby
From my point of view
That you need me baby
As much as I need you

You got to make this work
I told you baby, we have to fight
Didn't I tell you that we gotta fight
And for what it's worth
You know these words I'm saying are right
(You know these words I'm saying)
(You know these words I'm saying are right)
Cause you never had a love like this
(I said I never had a love)
And I never had a love like that
(I said I never had a love)

So baby, we just can't give up on this
We'll never know what the future holds
Baby, if we don't try
We can't go on living life like this
You need to open your heart, girl
Baby and let love in (just let it in)

I've been waiting a lifetime to say this to you
We gotta fight for what's right
That's what we've gotta do
I hope you see this, baby
From my point of view
That you need me baby
As much as I need you yeah

Baby we just cant give up on this
(we cant give up on this)
We'll never know what the future holds
Baby, if we don't try
We can't go on living life like this
You need to open your heart, girl
Baby and let love in (just let it in)
I've been waiting a lifetime to say this to you
We gotta fight for what's right
That's what we've gotta do
I hope you see this, baby
From my point of view
That you need me baby
As much as I need you yeah

yeah
Razah
Eric Hudson
And another one

(I've been waiting a lifetime to say this to you)
