If anyone asks I'm broke down
Or maybe I'm just outta town
You can say I'm anywhere but where I am
If anyone asks don't lead em on
That anything is even wrong
Do that if you can
'Cause no one needs to know
We finally hit the end
You left the door wide open
And I locked myself in

Until I find a way to get my story straight
Girl I never dreamed that I would see the day
That you weren't by my side and I would have to hide
'Cause there's nothing I could say
If anyone asks

If anyone asks I hold you tight
Each and every night
For all they know you wont let go and I'm still there
If anyone asks don't say a thing
Just let that phone ring
If you answer now it wont be fair

'Cause no one needs to know
I gave you my best
You can tell them the truth
And make up the rest

Until I find a way to get my story straight
Girl I never dreamed that I would see the day
That you weren't by my side and I would have to hide
'Cause there's nothing I could say
If anyone asks

Well I've been starin' at myself
Tryin' to catch my breath
The part that I can't figure out
Is all that I have left

Until I find a way to get my story straight

Girl I never dreamed that I would see the day
That you weren't by my side and I would have to hide
'Cause there's nothing I could say
If anyone asks
