Well its been a hard week
Chasin down these miles
tryin desperatly
to find a reason to smile
its been some time now (too long)
so long i do not know
so baby put on your favorite dress
and just let go

we'll go downtown
stop at the first bar we see
yea we can throw'em down
hot baby just you and me
we'll shoot the lights out
so no one else can see
and we'll close our eyes
and wish it was like it used to be

you know everybody falls
when a wolf comes to your front door
and those big shots yea they got it all
and all they want is more
ill spend my last dime
to see you smile tonight
so tell me baby what can i do
to get this right

we'll go downtown
stop at the first bar we see
yea we can throw'em down
hot baby just you and me
we'll shoot the lights out
so no one else can see
and we'll close our eyes
and wish it was like it used to be

we'll go downtown
stop at the first bar we see
yea we can throw'em down
hot baby just you and me
we'll shoot the lights out

so no one else can see
and we'll close our eyes
and wish it was like it used to be
yea we'll close our eyes and wish it was like it used to
be
