Day after day,
I tell myself you never meant the words that you said,
Night after night I lie here alone,
can't get you out of my head,
Like a fool I let our love slip away,
Left me here what more can I say,

CHORUS:

Miss my chance lost my turn,
My ship sank, I crased and burned
Broke your heart then I let my self
down, Lost the fight lost the game,
Now theres only me left to blame,
If you wander where I am check the
lost and found.

Time after time I feel short of the man you needed me
to be,
Lie after lie I left you no choice but to pack your clothes
and leave,
Got to much pride to beg you to stay,
But before you go just let me say

CHORUS:

Miss my chance lost my turn,
My ship sank, I crased and burned
Broke your heart then I let my self
down, Lost the fight lost the game,
Now theres only me left to blame,

If you wander where I am check the
lost and found

My ship sank ,I crased and burned ,
Broke your heart then I let my self down ,
Lost the fight I lost the game ,
Now thers only me left to blame,
If you wander where I am check the lost and found.
If you want to find me.
