I don't want to go to sleep tonight
Cause in the morning I'll be leaving
We can sit and talk with the candle light
And even though I know it's coming, it will hit me
without warning

Love must follow you around, cause everytime we're
close
It comes creepin in, deeper than I have ever known
And I don't know if you know it, but it's catching up with
me
It's gonna track me down
Baby love must follow you around

I've been running with my heart wide open
and I know I'm not always what you need
But I'll pick up the pieces that I've broken
When I get home, from this highway then you'll see

Love must follow you around, cause everytime we're
close
It comes creepin in, deeper than I have ever known
And I don't know if you know it, but it's catching up with
me
It's gonna track me down
Baby love must follow you around
