I see you, but I can't believe you're here
I can't believe you're near enough for me to touch
Why you wanting me so much?

You're back, you're back for one more try
But you should realize that things are different now
Ever since you quit coming around, bringing me down
I said we were through, I'm over you

But you could change my mind little girl if you wanted
to
When you look at me the way you do
I'm easy, so damn easy
You look so good and you look so fine
Girl you know, you could change my mind

Well, I hear you but I can't believe what you say
You're the one that got away from me so long ago
Don't act like you don't know
Well I can't make my mind, can't give you the time of
day
'Cause I'm afraid, you'll just keep running away
What can I say, I gotta go, the answer is no

But you could change my mind little girl if you wanted
to
When you look at me the way you do
I'm easy, so damn easy
You look so good and you look so fine
Girl you know, you could change my mind

Take it on home, leave me alone
I'll say it again, this is the end

You could change my mind little girl if you wanted to
When you look at me the way you do
I'm easy, yeah, I'm easy
You look so good and you look so fine
Girl you know, you could change my mind

Yeah, yeah, you look so good and you look so fine

Girl you know, you could change my mind
Change my mind
