Well, you showed up looking just like I remember  
Just like I knew you would  
Worried if my heart was breaking just like it should  
Working hard on your good time, showing off your new  
life  
To God and everyone in this bar  
I'll leave it to you, baby, you always had to be the star

But I've got the road less traveled, my dreams  
unraveled  
A broken heart that suits me fine  
Yeah, my load's a little lighter from a string of all-  
nighters  
A bottle for killin' time  
Honey, you start over your way, yeah, and I'll start over  
mine

If you're here to make amends, I'll let you rub it in  
But I'm not gonna play the fool  
Yeah, 'cause even if the rumors were true, I could  
never tell you

'Cause I've got the road less traveled, my dreams  
unraveled  
A broken heart that suits me fine  
Yeah, my load's a little lighter from a string of all-  
nighters  
A bottle for killin' time  
Honey, you start over your way, yeah, and I'll start over  
mine

Well, you quit on me but baby, I don't give up easy  
Yeah, well, I might look fine but looks can be deceiving

'Cause I've got the road less traveled, my dreams  
unraveled  
A broken heart that suits me fine  
Yeah, my load's a little lighter from a string of all-  
nighters  
A bottle for killin' time  
Honey, you start over your way, I said, you start over

your way  
Honey, you start over your way, yeah, and I'll start over  
mine
