(Intro) (4x)
Goodbye...

(Chorus)
Goodbye, Goodbye
To all the artificial people in my life
I never wanted you around me, So be on your way
Now that I finally got a name, All the sudden you wanna
stay

(Interlude)
Now everybody wants to come around me, Down and
be my homie, Right?
Now everybody likes my shit like I gotta fuckin dick,
Right?
But I know who's got my back and who's been here the
intire time
I got my own family behind me and were ready to fight

(Verse 1)
I'm so sorry I'm not that bitch that you wanted me to be
I'm so sorry it took me this long to finally see
I'm just your prisoner held captive, How I long to be
free
But I never will be, because you own that part of me
I'm only 22 years old and all I ask is to be happy
But I can't cause you play daddy, And constantly hover
above me
It's gone, It's non-existed, It's finally deceased
Love died inside of you, And then you killed it in me

(Chorus)
Goodbye, Goodbye
To all the artificial people in my life
I never wanted you around me, So be on your way
Now that I finally got a name, All the sudden you wanna
stay

(Interlude)
Now everybody wants to come around me, Down and
be my homie, Right?
Now everybody likes my shit like I gotta fuckin dick,

Right?

But I know who's got my back and who's been here the
intire time
I got my own family behind me and were ready to fight

Mommy, Daddy, Look what you've done to me
I'm so broken, I'm so hopeless
All because you never believed in me

Your so blind you can't see, So I scream fuck your god
Fuck your cross, I think for myself, I'm not lost or brain
washed
But theres a war inside my heart between the two
things that I want
But I could never have both, Is what I've always been
taught
So I gotta be strong, I gotta keep movin on
No more sad songs, I shoulda stayed alone all along
Try in realize, Understand my sight
I've had a rough fucked up life, but he came along and
opened my eyes

(Chorus)

Goodbye, Goodbye
To all the artificial people in my life
I never wanted you around me, So be on your way
Now that I finally got a name, All the sudden you wanna
stay

(Interlude)

Now everybody wants to come around me, Down and
be my homie, Right?
Now everybody likes my shit like I gotta fuckin dick,
Right?
But I know who's got my back and who's been here the
intire time
I got my own family behind me and were ready to fight
