You can see everything I see
So I don't know why You live in me

Who can take Your Love away from me
Now that I have found You

That's the way it's meant to be
That's the way it's meant to be
When you're living in me
That's the way it's meant to be
That's the way it's meant to be

Run with me everywhere I go
Stay with me in everything I do

I was blind and now I can see
That You will never leave me

That's the way it's meant to be
That's the way it's meant to be
When you're living in me
That's the way it's meant to be
That's the way it's meant to be

That's the way
It's meant to be
Christ living in me
Tip top from my head to the soles
Of my feet
Rearranging but never changing
The image of Him that's meant to be me

That's the way it's meant to be
That's the way it's meant to be
When you're living in me
That's the way it's meant to be
That's the way it's meant to be.
