Can you feel it  
Sister Savior  
Drawing you inot the club?  
Sister Savior's  
past behavior  
has me falling in love

Hey-ey-ey-ey  
Sister Savior  
Hey-ey-ey-ey  
Catholic lover  
Why'd you leave me?  
At least our bad times were ours

last night I had a dream  
A warm fiels, strawberries and cream  
A poor man wearing rusty mail  
With contentment plastered on his face  
He was sipping form a bottle  
On his forehead read the motto  
'If I drink myself to death,  
At least I'll know U had a good time'

One last late night  
Sister Savior

Before it's too late

Hey-ey-ey-ey  
Sister Savior  
Hey-ey-ey-ey  
You know I love her  
please belive me  
please belive me  
this is the good life  
And no more bad times could be ours
