Excuse me pray tell me have you seen her?

Took her out the back to go and clean her.

Now she's missing that beautiful white chicken
and I'm wishing for my beautiful white chicken.

Oh yeah

Where has my chicken gone?

Please send my sweetheart home.

Used to have a chicken I could call my own
then she went and left me hanging on the phone.

Used to cry for nights and then I'd wish her home.

I'm so alone.

Where has my chicken gone?

She's been away for so long.

Where has my chicken gone?

Now things are going wrong.

Used to have a chicken I could call my own.

Now I'm well aware of how my heart may roam.

Used to think that nothing would come between our
love

now there's an oven glove.

Where has my chicken gone?

She's been away for so long.

Where has

Where has

Where has she gone?
