schizoprhenia by Hara'kiri  
SCHIZOPHRENIA  
Last morning I had an argue  
with my lover of the day  
He said : 'honey sugar baby love,  
how are you today ?'

Didn 't know who he was talking to  
so I asked him who he meant  
Did you sleep with me last night  
Or did you sleep with Kent ?

'Who the hell is Kent', he said  
'don't know anybody with that name  
Besides I'm not a homosexual  
I'm a drag, which is not the same'

Oh dear, I think I fooled you  
With my schizophrenic me  
I hope you enjoyed the ride  
With the boy inside of me
