"The Throne Of Grace"

There's a room that was so holy
Just the priest could enter in
To offer sacrifices for the people sins
There he met with God the father
Worshipped him on bended knee
The room was called the holy of holies
CHORUS

We can go before the throne of grace
And enter that secret holy place
There to worship and adore
Christ our lord forevermore
Unto the king our voices raise
We offer up a song of praise
As we Bow before the thorne of grace

There no kind of sin can enter
It's the dwelling of our lord
We lift our hands and worship him in one accord
Jesus christ has paid the ransom
He did it all to set us free
Now we have accessto the holy of holies
Chorus
