You and I sitting side by side
Hand in hand, life in life, in love
Heart in heart, mind in mind, in love

Suddenly the autumn leaves appear
I feel the warmth disappear
And instantly a smile becomes a tear

Cause nothing is forever
The summer wasn't mine to keep
Cause I had to let you go
I gotta learn to love the snow
Snow snow

Snow snow snow

You and I sitting grounds apart
Nothing's changed, except everything I feel
You say nothing's changed, except everything that's
real

The snowflakes are falling, burning through my skin
Snow angels powerless against the wind
Oh, how life can change within the blink of an eye

Cause nothing is forever
The summer wasn't mine to keep
Cause I had to let you go
I gotta learn to love the snow

I gotta learn to love the snow, snow, snow
I gotta learn to love the snow, snow, snow

Oh I'm freezing, frozen now
Still trying to let go
All my dreams are icicles hanging in the cold
And not falling down

Nothing is forever
Nothing is forever
The summer wasn't mine to keep

Cause I had to let you go
I gotta learn to love the snow

I gotta learn to love the snow
I gotta learn to love the snow
I gotta learn to love the snow
I gotta learn to love the snow
I gotta learn to love the snow
I gotta learn to love the snow
Learn to love the snow
Snow snow snow
