There's no reasoning with love
Someone's always getting hurt
Oh we are, yeah we are
There's no cure that seems to work
We're all powerless with love
Oh we are, yeah we are
Please love don't slip through my heart
Stop where you are

Just stay, stay one moment more
We'll make it through the worst
Stay to make us work
Just stay, stay till we can talk
In the name of love
Stay so we stay us
Stay so we stay us

I tried holding on to light
But the darkness was too bright
Oh it was, yeah it was
I lost more than I thought
That's when love became a war
And I lost, yeah we lost
Please love when you cut through my heart
Don't leave a scar

Just stay, stay one moment more
We'll make it through the worst
Stay to make us work
Just stay, stay till we can talk
In the name of love
Stay so we stay us

Oh love changed
While my heart stayed the same
And gold turned to dust
You and I replaced us

Just stay, stay one moment more
We'll make it through the worst
Stay to make us work

Just stay
We'll make it through the worst
Stay so we stay us
