The Sons of Mayhem waiting  
Time to start the fire  
Volume overwhelming  
Can't go any higher  
Like a thunderhead above you  
The storm is on it's way  
With RAZOR 's edge we maim you  
because we love to play  
Time bomb explodes, time bomb blows  
Time bomb expires, time bomb's on fire  
Our amps are loud, no turning down  
Metal in force, it takes it's course  
Welcome to the slaughter,  
I hope you're having fun  
Living for the evening  
We never see the sun  
The party's getting started  
The music's getting hot  
Forget the non-believers  
Work with what you've got  
Chains, spikes, volume!  
Time bomb takes it's toll  
Speed, power, leather!  
Metal rock 'n' roll  
If you like it  
Stand up for your rights!  
Hold your fists up!  
Heads will bang tonight!
