"When He Was Twenty"

Visit "[When He Was Twenty](#)" on MotoLyrics.com

When he was twenty he started a riot
He had so much charisma he couldn't keep quiet
The girls all know but their not telling who my best
friends sister she's always rebelling

And you know you really should go
Because if you stay you'll find another way

And I know that you

You know too much
Much too much
Just a little too much
That's much too much

I'll tell you my tale only listen if you can
It's just the story of a very lonely man
And everything I tried to sneak past you
You caught me out darling
Well done for you

Because now you no you really should go
Because if you stay
You'll find another way

And I know that you

You know too much
Much too much
Just a little too much
That's much too much

I'll tell you my tail it's getting near the end
Once we were lovers but now we're just friends
And every little lie I tried to sneak past you
You caught me out darling
Well done for you

Because now you know you really should go
Because if you stay you'll find another way
