I think about her all the time
She's my fantasy
An image burnin' in my mind
Callin' out to me
While my imagination's runnin' wild
Yeah - things are getting clearer
This time everything is all right
No way she's gonna get away
This time everything is easy
And day - I'm gonna make her mine
I've thought of every word I'd say
Give or take a few
But she turns and slowly walks away
What am I supposed to do
Hey - turn up your radio
Oh - there's somethin' I want you to know
This time everything is all right
No way she's gonna get away
This time everything is easy
And day - I'm gonna make her mine
Well it's hard to take cause she's miles away
And I've waited a long time
But the feelin's right and darlin' one of these nights
Yeah - I'm gonna let you know
This time everything is all right
No way she's gonna get away
This time everything is easy
And day - I'm gonna make her mine
