Get in my boat
We'll sail away
I've always been scared
Scared of the sea
Give you some string
You find your way home
And I will be waiting when you return

I can't steal his heart
I can steal back mine
I can steal back mine
I can steal back mine
I can't steal his heart
But I can steal back mine

Stand in the shore
Arm is outstretched
The stars in the heavens
Are doing their best
He calls my name
And I meet his eyes
Now I have lived
Might as well die

I'm saying things are
I'm saying things are
I'm saying things are
Going to change
Saying things are
Singing things are
Singing things are
Going to change

I can't steal his heart
I can steal back mine

I can steal back mine
I can steal back mine
I can't steal his heart
But I can steal back mine

Takes off my crown
Throws it to the sky
And we are in emblazed
As bright lights will thrive
Oh we will thrive

I can't steal his heart
I can steal back mine
I can steal back mine
I can steal back mine
I can't steal his heart
But I can steal back mine
Steal back mine
