"Be Your Baby"

Visit "[Be Your Baby](#)" on MotoLyrics.com

I just want to be your baby
I don't mean maybe
I just want to be your baby

If I could be your darlin'
You've gotta stop fallin'
For all the bullshit I give you

Drag it hard from A to B
Play guitar from G to C
Write a song about how much you hate me

Call me up
At the hotel
Me and the band
Gonna wish you well

I say hi there
You say we're through
Do I change your mind
Or do I change my tune?

I just wanna be your baby
I don't mean maybe
I just wanna be your baby

If I could be your darlin'
I just gotta start fallin'
For all the bullshit you give me
