Shadow you drag me down
But everyday I love you more
Shadow you bring me down
And everyday I need you more
Than the day before

Body of a woman
Mind of a child
Shadow you sure do drive me wild
You're only 14 years old

Shadow it's in your touch
All those things that I just don't know
Shadow you mean so much
I never thought I had so far to go
I need you so

Body of a woman
Mind of a child
Shadow you sure do drive me wild
You're only 14 years old

Hair dark, black as coal
Eyes that look into your soul
Touch that makes you lose control
Shadow, she's gonna stay
Won't go away

Body of a woman
Mind of a child
Shadow you sure do drive me wild
You're only 14 years old

Shadow you drag me down
But everyday I love you more
Shadow it's in your touch
Yeah.. everyday I need you more
