Fighting my way every day
Trying no to let them see
Or get inside of me
I know I got to hold on a little longer

Any day seems so far away
I don't get a chance to breathe
Any day seems so far away
I don't get a chance to breathe

And when will I know I can move myself on forward?
And when will I know I can move myself on forward?

How can I go wrong when life is feeling strong?
Watching my dreams just fade away, fade away

And I can't find my way out
Of this desperation
I've been kicked so hard down
I feel myself bleeding

Any day seems so far away
I don't get a chance to breathe
Any day seems so far away
I don't get a chance to breathe

And when will I know I can move myself on forward?
And when will I know I can move myself on forward?

How can I go wrong when life is feeling strong?
Watching my dreams just fade away, fade away
How can I be strong when life is going wrong?
Watching my dreams just fade away, fade away

Watch me fade away, watch me fade away
Watch me fade away, watch me fade away
Watch me fade away, watch me fade away

And when will I know I can move myself on forward?
And when will I know I can move myself on forward?

How can I go wrong when life is feeling strong?

Watching my dreams just fade away, fade away
How can I be strong when life is going wrong?
Watching my dreams just fade away, fade away

How can I be strong when life is going wrong?
Watching my dreams just fade away, fade away
How can I be wrong? How can I be strong?
How can I be wrong? How can I be strong?
