You'll never take me  
You'll never break me  
You'll never take me

War

No friendship left to tie or bind  
The black clouds over summer skies  
How can you fucking live with yourself  
Overdose in your lies will be your end  
I don't care what you say  
You mean nothing to me

Please God will you save me  
From this hate inside  
I feel it start to change me  
I don't feel alive

Hurt you close  
You realize I'm the window in your suicide  
How can you breath or live with yourself  
Overdose in your lies will be your end  
I don't care what you say  
You mean nothing to me

Please God will you save me  
From this hate inside  
I feel it start to change me  
I don't feel alive  
I don't feel alive, there's nothing left inside  
Please God will you save me  
I don't feel alive

I see right through you (x4)

Please God will you save me  
From this hate inside  
I feel it start to change me  
I don't feel alive  
I don't feel alive, there's nothing left inside  
Please God will you save me

I don't feel alive
