I won't follow you down
I won't follow you down
I won't follow you down
And watch you hit the ground

Had to go a different way
Change everything I do today
I can't live like this anymore
Watching the drugs take it all away

I won't follow you down
I won't follow you down
I won't follow you down
And watch you hit the ground

Try and pretend like it's okay
We both know it's not the same
I'm not who, you used to know
I'll never be that way again

I won't follow you down
I won't follow you down
I won't follow you down
And watch you hit the ground

Get myself, get myself away
I know I can do this
Get myself, get myself away
I know I can change my life

We all change I know
Well watch my friends fall off the edge
We all change I know
Pray you're okay in the end

I won't follow you down
I won't follow you down
I won't follow you down
And watch you hit the ground

And watch you hit the ground
I won't follow you down

And watch you hit the ground
I won't follow you down
