Back me in a corner today
Waiting for me to fall down anyway
Got to find out who are my friends
Who will stand by me in the end

Goddamn motherfuckers tried to take me
This time I've been pushed too far downward
Gonna leave my mark like a brand new scar

I won't be like you
I won't be like you
You'll never see what I've been through
I won't be like you

I can't believe I've been burned
To the ground again and again
Got to rise up from the ashes
And breathe new life for me within

Goddamn motherfuckers tried to take me
This time I've been pushed too far downward
Gonna leave my mark like a brand new scar

I won't be like you
I won't be like you
You'll never see what I've been through
I won't be like you

I won't be like, I won't be like
I won't be like, I won't be like, got it?

I won't be like you
(This is my life now)
I won't be like you
(This is my life now)
You'll never see what I've been through
I won't be like you

I won't be like you
(This is my life now)
I won't be like you
(This is my life now)

You'll never see what I've been through
I won't be like you

I won't be like, I won't be like
I won't be like, I won't be like
