You?ll never take me
You?ll never break me
You?ll never take me, take me
War

No friendship left to tie or bind
The black clouds over summer skies
How can you fucking live with yourself
Overdose in lies will be your end

I don?t care what you say
You mean nothing to me

Please God will you save me
From this hate inside?
I feel it start to change me
I don?t feel alive

Hurt you close, you realize
I?m the window in your suicide
How can you breath or live with yourself
Overdose in lies will be your end

I don?t care what you say
You mean nothing to me

Please God will you save me
From this hate inside?
I feel it start to change me
I don?t feel alive

I don?t feel alive
There?s nothing left inside
Please God will you save me
I don?t feel alive

I see right through you
I see right through you
I see right through you
I see right through you

Please God will you save me

From this hate inside?
I feel it start to change me
I don?t feel alive

I don?t feel alive
There?s nothing left inside
Please God will you save me
I don?t feel alive

Alive, alive, alive
