(Hook)

Because I'm hot, smoke this, imma pout  
Bout to make a movie, so don't act like a groupie,  
I'm loopy, loopy, right  
Loopy, loopy, right.

(Verse)

My coop look like Bruce Wayne's, trapped on some new  
chains,  
Few ranks on new change, my whip wide need two  
lanes  
They ducked up, need new vanes, fresh like fresh  
school days,  
High kicks on cool shades, I'm looked up like shoe  
strings.  
I'm shooting game at your bitch and she ain't got a vest  
on,  
They superman in this bitch and I ain't even got my S  
on.  
Your house on my necklace, your whip on my left arm,  
Straight candy pain on that Chevrolet, she gased up  
like chevron.  
Pimped up, stubborn, we don't count,  
Roll it at 'em like a real champ.  
Cold boy, we're all in, her pussy wide, I fall in,  
Both inside and balling, my bitch imported from Berlin.  
Cut like Bruce Lee, top off that new V,  
All about that loose leaf, ball hard like two three.  
Stones on my raised glass, twelve on my bitch back,  
I catch reck like jim class, I'm looked up like striss  
slack.

(Hook)

Because I'm hot, smoke this, imma pout  
Bout to make a movie, so don't act like a groupie,  
I'm loopy, loopy, right  
Loopy, loopy, right.

Because I'm hot, smoke this, imma pout  
Bout to make a movie, so don't act like a groupie,  
I'm loopy, loopy, right

Loopy, loopy, right.

(Verse)

I'm loopy, everything's on and sealed,  
I'm getting paid even when I chill  
They say chill don't pay the bills, but imma have to disagree,  
That don't apply to me.  
Right, ain't it fucking higher,  
Gold member, no lines, priority flying in Australia like waddup, mate  
Smoking on some sawy, eating mighty-mighty  
Sipping on assay.  
Uh, purp setted yang, old man from Spain holding up my name  
Round table meetings with the bosses of the gang  
For Obama campaigning was trying to get this change.  
Boys getting no air time, really I'm too loopy to even care, God.  
I bought my bitch a new whip, but me I rather wear mine.

(Hook)

Because I'm hot, smoke this, imma pout  
Bout to make a movie, so don't act like a groupie,  
I'm loopy, loopy, right  
Loopy, loopy, right.
